TXD20

Model:TXD20

- Size:93*50*32.5MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.Min USB receiver.

TXD18

Model:TXD18

- Size:81*50.4*30MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD02

Model:TXD02

- Size:88.6*51*33MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD01-1
Size:89*46*33

Model:TXD01-1

- Size:89*46*33MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD01-2
Size:96*52*35

Model:TXD01-2

- Size:96*52*35MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD07
Size:85*40*25

Model:TXD07

- Size:85*40*25mm
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD15

Model:TXD15

- Size:94*51*33.5MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

Model:TXD09

- Size:104*60*35MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD10-6 Size:105*63*34MM

Model:TXD10

- Size:105.6*65*37MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.

TXD 08-1

Model:TXD08-1

- Size:88*46*28.5MM
- Convenient for right hand or left hand users.
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
- USB & PS/2 port.
- 3 button.

Model:TXD03-2

- Size:85*50.6*30.4MM
- Rechargeable RF mouse,3 Button.
- Accepted ordinary batteries or rechargeable batteries, economical and environmental,super logn working life.
- 800DPI resolution.
- USB & PS/2 port.

TXD21-2
Size:97.6*55.5*35

Model:TXD21-2

- Size:97.6*55.5*35MM
- Rechargeable RF mouse,3 Button.
- Accepted ordinary batteries or rechargeable batteries, economical and environmental,super logn working life.
- 800DPI resolution.
- USB & PS/2 port.

TXD26-1

Model:TXD26-1

- Size:121*63.5*39MM
- Rechargeable desktop docking with built in receiver.
- Accepted ordinary batteries or rechargeable batteries, economical and environmental,super logn working life.
- 800DPI resolution.
- USB & PS/2 port.

Model:TXD24

- Size:120*60*34mm
- Rechargeable desktop docking with built in receiver.
- Accepted ordinary batteries or rechargeable batteries, economical and environmental,super logn working life.
- 800DPI resolution.
- USB & PS/2 port

TXD40

Model:TXD40

- Size:121*69*41MM
- Rechargeable desktop docking with built in receiver.
- Accepted ordinary batteries or rechargeable batteries,economical and environmental,super logn working life.
- 800DPI resolution.
- USB & PS/2 port.
- 5 Button.

Model:TXD22

- Size:121*69*41MM
- Rechargeable desktop docking with built in receiver.
- Accepted ordinary batteries or rechargeable batteries, economical and environmental,super long working life.
- 800DPI resolution.
- USB & PS/2 port.
- 5 Button.

The new recommendation

Model: TXD33

-Size:

- 94*54*43MM
- Free 360-degree use within 1.5m radius.
- Automatically power-saving sleeping functions.
- 800DPI resolution.
